- Certificates for Academic degrees.
- Names and contact details of 2 referees.

## Working environment

The University of Innsbruck offers a complete set of academic curricula and currently counts 28000 students. Founded in 2001, the Department of Computer Science is highly productive in diverse research domains and is internationally well connected and recognized.

Innsbruck offers an idyllic living environment surrounded by summits of up to 2718m in the Tyrolean Alps, with outstanding opportunities and high quality of life all around the year. It is a vibrant city of 130000 inhabitants, home to 35000 students who imprint a distinctive, international atmosphere.
